

Meet The Farmers

The Farm

What began as a weekend hobby in 1983 has grown into a full-time family farm rooted in Woodbury, CT. Lou Berez founded The Farm with a passion for maple syrup and honey, eventually expanding the business with the help of his four sons. Today, they manage over 400 acres and nearly 30,000 square feet of greenhouse and containerized growing space. Focused on quality, service, and traditional values, The Farm has been a proud Sardilli partner since 2004.
